## Interests

Gaming, New Technology, Travel

## About Me

I am a full stack software developer, currently working as a back-end developer for Badge List, Web developer at Applovin, and as a freelance web developer. I primarily use WordPress, Ruby, Rails, JavaScript, HTML5, CSS3, PHP and jQuery.

I have a degree in Business Management and completed the Software Engineering program at Bloc. I am a humble and hard worker who is passionate about problem solving through innovative and efficient solutions.

## Work Experience

2019 - Present

### Web Developer

#### AppLovin

AppLovin is a mobile marketing platform.

- Creating the website architecture.
- Managing the different localize websites (EN, CN, KR, JP).
- Generating WordPress themes and plugins.
- Refactoring the Front-end application.

2018 - Present

### Back-End Developer

#### Badge List

Badge List is an education focused Internet company. My responsibilities here include:

- Refactoring the back-end application.
- New Feature Development & Bug Fixes: Participated in agile sprints to drive development of new fixes and features.
- Improving Automated Testing: Helped build out the rspec / capybara tests to incorporate automated testing into a continuous integration process.

2016 - 2018

### Founder

#### Plutus Associates

International marketing and consulting firm. Founded company in 2016 in partnership with Shixin & Lamp to connect customers globally with our offering of international conferences and trade-shows.

Ran every day operations including Finance, Operations, Business Development, Marketing and Sales to increase revenue.

2013 - 2016

### Deputy Director

#### Villa Médicis Beaune

Hospitality company providing luxury living communities to senior citizens in France. The company also expanded into the hotel business in 2015.

Ran hotel business operations which included marketing, building a client base and servicing clients to ensure an excellent experience. Brought in an additional 20% of revenue and earned the company a Booking.com Award.

Supervised/trained a staff of 20 people across various business units. Implemented company-wide policies and procedures to ensure a safe and clean living community.

## Education

2016 - 2018

### Software Developer

Bloc.io

2011 - 2013

### B.A in Business Management & Operations

EGC Business School
